

Expectations for Remote Learning at Elizabeth College

Elizabeth College
inspired resourceful learners

When students are working remotely they are expected to work to the current school timetable as much as possible to continue with their learning program.

Student Services Support

This can be a particularly stressful time for students. It's perfectly normal for students to feel anxious or unsettled when there is change or a worldwide event such as COVID-19. If students are feeling anxious, upset or worried they should talk to their parents/carers and teachers. They can also book an appointment with one of our Student Services team by contacting Sarah by phone on 6235 6559 or email at sarah.newcombe@education.tas.gov.au Counsellors will continue to run counselling and support sessions for individuals via video conferencing or phone.

College will:

- Provide parents/carers and students with information regarding how each subject will be delivered from the start of next term for each subject prior to the end of Term 1. *(Please note that for those doing a package flexibly delivered course already, or a High Achiever Program, the same process of communication with teachers will continue)*
- Provide regular updates as required
- Provide ongoing support and assistance for students

Teachers will:

- Communicate with students at the start of each week outlining the week's learning program
- Be available to support their students during the normal timetabled hours for that subject
- Provide regular feedback to students
- Actively monitor "attendance" and completion of class work and contact home and/or Student Services as required
- Take into consideration the ability of all their students to engage remotely and offer alternatives if needed
- Continue to work with support staff to discuss additional support students might need

Students will:

- Use their **College email address** to check all email correspondence from the College
- Check **College email** and texts at least three times per day and respond as required
- Read the weekly outline for each subject provided by the teacher at the start of each week
- Connect with online platforms as required and able (i.e Canvas, Zoom, Skype, OneNote, Microsoft Teams)
- Follow all instructions given by their teachers
- Submit work and assessments by the due date
- Submit work as outlined by their teachers (electronically is preferred)
- Let teachers know if they are unwell and negotiate extensions as normal

Parents/Carers will:

- Aim to provide a designated learning space
- Support students to maintain their weekly timetable and good work habits
- Encourage their child/ward to seek help from their teachers if they are unsure
- Inform the office if their child/ward is unwell
- Adhere to test supervision guidelines as required
