<p>Assess</p> <p>Priority 1: Wellbeing for Learning</p> <p>This priority is based on the results of the <i>Student Wellbeing and Engagement Survey 2022</i> as well as the DECYP System Goal of Wellbeing for Learning. This priority recognises the important relationship between students' wellbeing and their capacity to learn, which includes the critical role learning plays in students' lifelong health and wellbeing.</p> <p>Priority 2: An Expert Teaching Team</p> <p>This priority is based on the External School Review Recommendation One which highlighted the need for a Common Instructional Model. It also aligns with the Regional Partnership Priority 2: Curriculum Provision with a focus on developing a PLC with the use of the shared TaLF.</p> <p>Senior Secondary Attainment Profile data shows that 35% of students do not achieve a TCE, TCEA or ATAR. This figure includes students who have taken other meaningful pathways such as apprenticeships and traineeships, TasTAFE, as well as students who moved interstate or overseas, or were not able to complete due to health issues.</p> <p>Priority 3: Collaboration through Inquiry</p> <p>This priority is based on the External School Review Recommendation Two which specifies establishing effective staff collaborative inquiry. In Elizabeth Colleges 2022 Teacher Pedagogical Survey 15% of teachers didn't feel they collaborated, moderated, or used common assessment tasks. Developing the foundation of a PLC through prioritising collaborative inquiry will improve students' wellbeing and the College's teaching and learning. This is needed to positively impact TCE, TCEA and ATAR. In 2022 258 students (63%) achieving a TCE, 10 students (2%) achieving a TCEA and 135 students (33%) achieved an ATAR. With 142 students (35%) completed Year 12/13 without a TCE, TCEA or ATAR.</p>	<p>Priority 3</p> <p>Collaboration through Inquiry</p> <p>Fostering collaboration through Professional Learning Communities and Inquiry</p> <p>DECYP Strategic Plan: Access, Participation and Engagement</p> <p>NSIT Domain: 2 Analysis and Discussion of Data, 5 Expert Teaching Team, 8 Effective Pedagogical Practices</p> <p>AITSL Standards: 1 Know Students and How They Learn, 3 Plan for and Implement Effective Teaching and Learning, 6 Engage in Professional Learning</p> <hr/> <p>Target 1</p> <p>The Collaborative Inquiry Tool used shows growth for at least 9/12 Professional Learning Teams by at least 1 level.
